

Cambridge Fees for Indiana 2026-2027

School Approval Visit/Consultation (One-time)

\$3937: Cambridge will meet on-site with key instructional leaders in each school to discuss the focus and intended outcomes for the Cambridge pilot in their school. We will review near-term and long-term course selection, professional development needs, and establish ongoing check-in meetings to assess progress towards goals and any needed adjustments.

Pro-rated Access Fee (Annual)

\$11,641: This allows access to all the instructional resources used to support the delivery of Cambridge courses.

Professional Development

Variable Prices: Costs vary depending upon course selections, number of staff members involved, pedagogical focus and delivery method. Our courses are available in three different formats: online courses that you can access at any time, 3 to 5 weeks in duration; live virtual courses consisting of 1 to 4 sessions that are ~3 hours in duration; and face-to-face courses that are 2 days in duration (max 30). In-person training and costs may be shared with other schools/districts. Some travel costs to off-site training may also be covered.

What a Cambridge Classroom Looks Like

This 4-hour course introduces four key approaches which are the foundations of a Cambridge classroom: active learning, assessment for learning, metacognition, and inclusion. Explore what these approaches look like in practice and start building a practical toolkit of strategies.
